Employee Basic Life and AD&D

Am I provided life insurance through my workplace?

Yes.

Basic Life and AD&D Policy	
Full-time, Non-Management Employees	Maximum \$50,000 at no cost!
Part-time Employees	Equal to \$15,000 at no cost!

Travel Assistance is also included with Basic Life.

Employee Supplemental Life and AD&D

What is Supplemental Life and AD&D Insurance?

If you are interested in a higher amount of life insurance than the amount provided to you by Summa Health at no cost, you can increase the total amount of life insurance payable upon your death by purchasing Supplemental (or additional) Life and AD&D insurance.

How much Supplemental Life can I choose?

Select from the amounts below:

\$50,000	\$100,000	\$150,000	\$200,000
\$250,000	\$300,000	\$350,000	\$400,000
\$450,000	\$500,000		

What is the cost for Supplemental Life?

Your bi-weekly cost depends on your age and the amount of insurance you purchase. Your options and costs are displayed in the benefits enrollment system. As your age increases over time, you automatically move into the new age bracket with a new cost per-pay deduction. If your birthday is January 1, your per-pay deduction will increase for that year. If your birthday is on or after January 2, your per-pay deduction will not increase until the following year.

What happens to my life insurance at age 65 and age 70?

At age 65, your life insurance (basic, AD&D, Supplemental and Spouse Dependent Life) will reduce to 67% of the amount in force prior to age 65. At age 70, your life insurance coverage will reduce to 45% of the amount in force prior to your first reduction.

Health Care FSA (HCFSA)

Consider the benefits of a Health Care Flexible Spending Account! A HCFSA can help you pay for eligible healthcare expenses that you would normally pay for out-of-pocket for you, your legal spouse, and dependent children*. Generally, eligible expenses include items that are meant to diagnose, cure, mitigate, treat, or prevent illness or disease. Common examples are co-pays, deductibles, co-insurance, prescriptions, eyeglasses, braces, etc.

- Estimate your expenses for 2026 to help you determine the total amount - or annual maximum contribution - you wish to deposit into your HCFSA Account. Each pay, your contribution is taken pre-tax which lowers your taxable income. Note that if your spouse is also eligible for a HCFSA, your spouse can contribute up to their plan's annual maximum contribution amount - even if you both work for Summa Health.
- You don't need to be enrolled in Summa Health's medical, dental, and/or vision plan(s) to participate in the HCFSA.

WHAT YOU NEED TO KNOW

More information can be found on the benefits page on Summa@Work / Human Resources / Benefits / Flexible Spending Account

- The Annual Maximum contribution for the Health Care FSA will follow the IRS established limit for this year.
- If your Health Equity HealthCare Card is expiring this year, and you make an election or have a carry over balance, you will be sent a new HealthEquity Healthcare card. Your current orange and blue Health Equity card will remain active and can be used for three years from the date of issue.

How do I pay for eligible expenses?

- Pay for eligible expenses, online with your Health Equity Healthcare Debit Card or by paper claim form.
- Your HCFSA is fully funded and available for immediate use on January 1!
- Get immediate access to all of your money when using your Health Equity HealthCare Card. Use at qualified healthcare providers who offer eligible services and products; or at merchants who offer eligible over-the-counter items and comply with Internal Revenue Service (IRS) approval requirements.
- If you submit a paper claim form, be certain to provide copies of your receipt(s) as well. Save all your receipts; you could be asked by Health Equity or the IRS to prove your expenses!

What else should I know?

- At the end of the Plan Year, unused HCFSA funds of up to the IRS established limit may carry forward to the next year; unused funds above the limit are **forfeited**.
- Remember, a healthcare expense is incurred on the date it is provided - not when formally billed, charged or paid.
- During 2026, if you cancel participation due to a qualifying event, transfer to an ineligible position, or terminate your Summa employment, you have 60 days after the end of the month in which you terminate the plan to file a claim for expenses incurred prior to cancellation.
- The last payroll contribution for 2025 participants will be taken on December 18, 2025. Active employees have until March 31, 2026, to remit eligible expenses incurred in the 2025 Plan Year.

*Dependent child is defined as "qualified to be counted as a dependent on your tax return".

Dependent Care FSA (DCFSA)

Consider a DCFSA to help you save on work-related daycare expenses for your tax-dependent child under the age of 13.

- Eligible babysitting or au pair services
- Daycare and nursery school costs
- Pre-school programs
- Before- and after-school programs
- Summer day camps

The Dependent Care FSA will cover **elder care** and **adult daycare** for a spouse or other relative living in your home who is physically or mentally incapable of self-care and that you claim as a dependent on your federal income tax return. Eligible expenses for your tax-dependent adult family member include:

- Adult daycare center
- Custodial elder care (work-related)
- Elder care (while you work, to enable you to work or look for work)
- Senior daycare

Estimate your 2026 expenses to help determine the total amount - or Annual Maximum contribution - you wish to deposit into your DCFSA Account. Contributions are withheld on a pre-tax basis which lowers your taxable income.

How much can I contribute into my DCFSA?

You can contribute up to the Annual Maximum by the Internal Revenue Service (IRS) guidelines for this year.

Can I submit health, dental or vision care expenses through my DCFSA?

No. Enroll in a Health Care FSA (see prior page) to help pay medical, dental and vision expenses for you and your legal spouse and eligible children.

What else should I know about a DCFSA?

- You decide how much to contribute into your DCFSA for the year.
- Your DCFSA is funded as deductions are taken from your paycheck. This means you may only be reimbursed up to the available balance in your DCFSA for eligible expenses for services incurred prior to reimbursement.
- For 2026, Plan participants who are active on payroll through December 31, 2026, will have their final DCFSA contribution taken on December 31, 2026. You have until March 31, 2027, to remit eligible expenses you incurred in the 2026 Plan Year.
- At the end of the 2026 Plan Year, unused DCFSA funds will be **forfeited** in accordance with the IRS "use-it or lose-it" rule.
- During 2026, if you cancel participation due to a qualifying event, transfer to a benefits ineligible position, or terminate your employment with Summa, you have 60 days after the end of the month in which you terminate the plan to file claims via online or paper submission for expenses incurred prior to cancellation.

Visit HealthEquity at healthequity.com to find helpful resources about FSAs.

Attention All 2025 FSA Participants

- Active employees have until March 31, 2026, to submit claims for 2025 incurred expenses.
- If you terminate employment with Summa Health prior to December 31, 2025, you have 60 days after the end of the month in which you terminate employment to file eligible claims via online or paper submission.

Individual Universal Life with Long Term Care

The rising costs of long-term care services may be a serious financial concern. You could end up needing assistance with basic things like bathing or dressing. This care can be provided in your home or in a facility. Basic long-term care can cost hundreds of dollars per day. The Trustmark Universal Life benefit offers two-in-one protection. It combines permanent life insurance with benefits that can help with the costs of long-term care. The long-term care benefit will pay up to 25 months for long-term care services, and the full death benefit remains even if the benefits for long-term care are paid. This benefit is portable and premiums won't go up as you get older.

Who is eligible for coverage?

Apply for coverage for your spouse as well as yourself, on a guaranteed issue basis (age 18-64).

Accident Insurance

Accidents happen. Would you and your family members be prepared for the financial impact of an accident or injury? After an accident, you may realize you have expenses that you never considered. Even with medical coverage, you may have out-of-pocket costs that result from the accident. That's where Accident Insurance through Unum can help.

Accident Insurance will pay benefits directly to you in an amount based on the type of injury sustained and the type of treatment you receive. You may use the benefit payment however you see fit, for medical and non-medical costs that may result from a covered accident, including anything from copays and deductibles to household expenses and childcare costs while you recover. This benefit covers you 24 hours a day, meaning that benefits will be paid for injuries and accidents that take place on the job and specific accident-related injuries. It is portable, meaning that you can roll coverage over if you change employment, and there are no pre-existing condition limitations.

Who is eligible for coverage?

You, your legal spouse, your dependent children to age 26.

What additional features are offered?

Organized Sports Benefit – Allows for a 10% increase in payable benefits when an injury is sustained while playing organized sports.

Per pay premiums:

Employee	Employee & Spouse	Employee & Child(ren)	Employee, Spouse & Child(ren)
\$3.55	\$5.86	\$8.63	\$10.94

Other important facts:

*Eligible employees must be actively at work to apply for coverage. Being actively at work means on the day the employee applies for coverage, the individual must be working at one of their company's business locations. If applying for coverage on a day that is not a scheduled workday, the employee will be considered actively at work as of their last scheduled workday. Employees are not considered actively at work if they are on a leave of absence.

Choose Beneficiaries

A beneficiary is a person, trust, or organization to whom benefits will be paid. A contingent beneficiary will receive benefits if your primary beneficiary is no longer living at the time of your death.

- Place a checkmark next to each desired primary and contingent beneficiary. The percentage allocations will automatically calculate.
- Click Add Plus sign if you do not see the desired person or trust in the list.
- You may change the percentages, as long as they add up to 100%.
- Clicking All living children will clear any children already selected.
- Beneficiaries may not be both primary and contingent at the same time.

Note: Editing a beneficiary that is of a coverable type (such as spouse or child) will edit that dependent's information as well. For this reason, it is recommended to add a new beneficiary rather than edit one that is already in the list as a dependent.

PLEASE REVIEW: OMBP/ABLE COVERAGE DISCLOSURE NOTICE AND NOTICE

Important Notice from [Insert Name of Entity] About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current Medicare prescription drug coverage (your Name of Entity) and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered and what cost, with the coverage and costs of the plan offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

- Medicare prescription drug coverage (Medicare Part D) is available to people who are eligible for Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a longer monthly premium.
- Because Name of Entity has determined that the prescription drug coverage offered by the (Insert Name of Plan) is an average for all plan participants, excepted to pay and is not an extended Medicare prescription drug coverage excepted to Medicare's standard Medicare Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15 to December 7.

However, if you lose your current creditable prescription drug coverage, through the loss of your plan, you will be eligible for a new 2-year Special Enrollment Period (SEP) to join a Medicare drug plan.

About This Guide

This guide has been developed to provide Summa Health employees with a summary of the annual enrollment process; and to illustrate major plan provisions for comparison purposes.

Benefit Eligibility

The information contained in this guide pertains to full-time and part-time benefit eligible employees in positions of 20 hours per week or greater.

Coordination of Benefits (COB)

If a covered family member is also enrolled in another medical plan that is their “primary” payor of benefits, then benefits under Summa Health’s medical plan are paid as “secondary”, using the Non-Duplication of Benefits methodology of COB. Under this COB method, the secondary plan calculates its benefit as though it was primary; subtracts the payment already made by the primary plan; and then pays the balance, if any. Benefits payable under a secondary plan are determined on a claim by claim basis, with plan deductibles, co-insurance, co-payment and exclusions also being applied. If you have specific questions regarding the COB claims payment process, please contact SummaCare Customer Service at 330.252.5922.

Making Benefit Changes During the Year

Outside of the annual enrollment period, you can only make changes to your existing benefits if you experience a **qualifying event** such as: marriage; birth of a baby; divorce; legal spouse’s loss of coverage; employment or coverage status change for you or your legal spouse; child becoming newly eligible or ceasing to be eligible, etc.

To ensure any benefit coverage changes you wish to make as a result of a qualifying life event are permitted, you must take the following action steps **within 31 days**.

1. Visit: <https://my.tbx360.com/summahealth> or you can scan the QR code.

2. Qualifying Life Event Documentation – Upload the Qualifying Life Event documents (Example: marriage certificate; divorce document; loss of coverage letter; newborn’s birth certificate; etc.)
3. Family Member Verification Documentation – If adding a legal spouse or eligible child to your medical coverage, you must prove their relationship to you. Upload the required acceptable verification documents, for each family member, as outlined on the Family Member Guidelines page of this Guide.

Family member verification documents must be uploaded to the TBX benefits site or emailed to Employee Benefits within the 31 day window or coverage for your legal spouse and/or child will be delayed until such documentation is provided. Upon approval, coverage will be effective on the first of the following month.

Summa Health Employee Benefits has made every attempt to ensure the accuracy and reliability of the information provided in this document for educational and information purposes. In case of any conflict between the provisions of the plan(s) and those provided in this document, the provisions of the plan document(s) shall take precedence. For more information, please consult the Summary Plan Description(s) available on Summa@work or contact Employee Benefits.
