Lancets

- EZ Twist
- 28/30 gauge lancets
- Universal Lancing devices

Test Strips and Control Solutions

- Available for all meters listed
- Available for some discontinued meters, please ask our service representatives for more information

When You Order or Need a Refill

Gather the following information below before calling

- SummaCare Member ID number
- The name and telephone number of the healthcare provider who manages your diabetes
- The name of the monitor and test strips you are currently using (if refilling)

SummaCare members can order a three-month supply, shipped directly to their door, using a simple and convenient refill process.

When ordering diabetes supplies, the first call will take 5-10 minutes, and the initial three-month supply will be shipped after SummaCare eligibility and a healthcare provider's order is verified.

For questions or to order your supplies, call HOMELINK at 844.358.2549 (TTY 711).

*SummaCare group members may be contacted directly from Cornerstone, HOMELINK's preferred provider, to confirm orders. For more information, members should refer to their Summary of Benefits or call the number on the back of their Member ID card.
