Two important coverages for when you need them the most.

Financial security even after a loss

Protecting your loved ones is one of life's greatest responsibilities. When a family loses someone, in addition to grief, survivors may suddenly be faced with costly expenses and debts, and even a loss of income.

Universal LifeEvents can help.

Universal LifeEvents provides a **higher death benefit during your working years**, when your needs and responsibilities are the greatest. (See reverse for more on how Universal LifeEvents works.) You can choose a plan and benefit amount that provides the **right protection for you**.

Universal LifeEvents insurance can mean those left behind are still able to pursue their own dreams, and help ensure that the **ending** of one story won't stop the **beginning** of another.

Solving the long-term care issue

At any point in your life, you may need long-term care services, which could cost hundreds of dollars per day. Universal LifeEvents includes a **long-term care (LTC)** benefit⁴ that can help pay for these services at any age. This benefit **remains at the same** level throughout your life, so the full amount is always available when you most need it.

Here's how it works:

4%

You can **collect 4% of your Universal LifeEvents death benefit per month** for up to 25 months to help pay for long-term care services.

Flexible features available:

2x

PLUS: if you collect a benefit for LTC, your **full death benefit** is still available for your beneficiaries, as much as **doubling** your benefit.

Note: your rate is "locked in" at your age at purchase!

Once you have a policy, your rate will never increase due to age.

Universal LifeEvents is **flexible permanent** life insurance designed to last a lifetime.

The younger you are when you enroll, the **more benefit** you receive for the same premium.

Guaranteed issue - no medical questions and you can't be turned down (age 18-64).

This provides a brief description of your benefits under GUL.205/IUL.205, HH/LTC.205 and BRR.205.. Benefits, definitions, exclusions, form numbers and limitations may vary by state. This policy contains a provision that guarantees against lapse for a period of 15 years for Universal LifeEvents) as long as premiums are paid as planned. If you make changes to your coverage during this period, or pay only the minimum premium, you may prevent cash value accumulation or reduce your death benefit amount. If there is negative cash value at the end of the no-lapse period, you must pay enough premium to establish positive cash value. You may also need to maintain your policy with a higher premium than the one you paid to satisfy the no-lapse guarantee or coverage may expire prior to age 100 even if the premium shown is paid as scheduled.
